Hi Laura,

Yes, we've been working to get the info together into one document to provide to interested parties. At this point PA DEP has that document created and attached are the associated sample results that I have to date. As this gets updated with additional results that I receive, I can forward along an updated version in the future.

If you need anything else in the interim related to the results, just let me know.

Thanks.

Hi Laura –

Thanks for letting us know. I know the group is working to share info with/between all interested parties.

It's been challenging with all the moving parts and expanding list of interested parties.

I'm copying Robert Woolston of PA DEP. I believe he should be able to assist.

– Kelley
